FINANCIER WOULD WAKE CHURCH TO ITS DUTY

NEW YORK, Sept. 24. (Spl.)—Lewis B. Franklin, of this city, the man who directed the organisation for the five great government war loans, has signalized his enlistment in the nation-wide campaign of the Episcopal church by issuing a call for 100,000 volunteers to assist in putting through the great drive to awaken church-goers to their duties in the new lera following the world war.

Franklin is one of the large group of prominent laymen who have entered into the nation-wide campaign in the interests of a practical, efficient religion. He is a strong advocate of the plan to separate, the business of the clurch from its spiritual side, thus leaving the clergy free to devote them selves to the higher duties to which they are called. A crying need of the church, in Mr. Franklin's estimation, is up-to-date business management.

As director of the war loan organization. Franklin a year ago was superintending the operations of a compact body of two million men and women. In his new task he will attempt, through volunteer effort, to enlist a group of workers whe, on a given day, will go into the eighty-seven dioceses of the Episcopal church in the United States and seek, by personal contact with every person whose name is enrolled on the unembership rolls of the church, to reawaken their interest in church work and the recyonsibilities of Christian citizenship.

Franklin is a native of Fiushing, N. Y., where he was odnested Basins in the contact was contact.

church work and the responsibilities of Christian citizenship.
Franklin is a native of Fiushing. N. Y., where he was educated. Beginning his career in the banking house of Spencer. Trank & Co., by successive stages he became manager of the bond department of the Guaranty Trust company, vice-president of the same concern, and then governor, vice-president and president of the Investment Bank-ors' association. He resigned the latter position when the United States entered the war to become director of war loan organization at Washington, which post he resigned June 15-1819, after the Victory loan had been successful finded. Franklin is still in his early forties.

CABLES TO BE PUT ON PREWAR BASIS SOON

LONDON, Sept. 24.—Every possible effort is being made to restore to its prewar basis, the cable system of the world, it is announced.

The five Angio-German cables which were cut by the British fleet in the early days of war are being repaired, and so are the four cables connecting Engiand with Belgium.

Cable communication with Iceland which was interrupted by the war, has just been restored. Messages now are being dispatched to Australia in as many hours as it required days in war-time.

Communication with European con tinent is steadily improving.
